Hotter than Hell
to Inferno

good ledge w/
tree below

1st pitch 5.7 5h

2nd pitch is much like Whitting for
Cameau, the key is to set a high pendulum
point for the undipped line + then
have client

climb
that line first
2nd pitch 5.9
care/SM/ish

and unclip the
redotation line so
both can utilize the
pendulum point

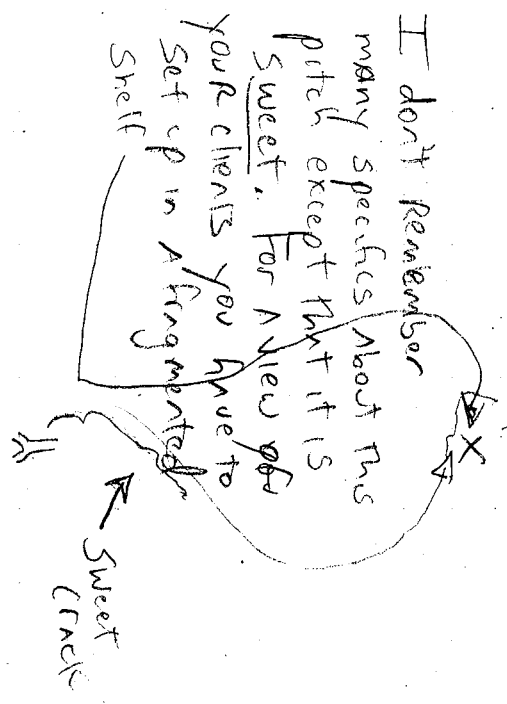

Boiled Traverse

March 3/4

↑ up to 3rd class

I don't remember
many specifics about this
pitel except that it is
Sweet. For a view of
your clients you have to
set up in a fragmented
shelf
