

EL PICO de ORIZABA

The Climb: From PG Hut takes 6-10 hours and climbs over 5,000'. Follow the Aqueduct out of camp, then south up the Valley.

Gravel/Rock terminal MORaine AREA begins AT ~16,000

Second option for camp at ~15,500'

First camp option is at ~15,100'. This one is recommended by Senor Reyes, due to easier terrain access, less rockfall, less exposure, + lower acclimitization, but others are possible.

General trend in this area is due south (180°)

Path generally trends south, to the west of Rock outcropping

This area begins "The Labyrinth" steeper and entering narrower couloirs.

Talus and scree.

In the 14-15,000' section it may be easier to leave the Aqueduct from time to time.

Water supply in This AREA

Augusta Pellet Hut

Concrete Aqueduct begins

Piedra Grande Hut (~13,766')
